

# WINE INDUSTRY SAFETY ALERT

During March 2017 a length of vineyard netting was blown off the row and over an adjacent 11,000 volt power line.

Initially over 500 customers lost supply, including one major and other wineries.

**Please review if this is  
a hazard/risk on your  
vineyard**

**If this happens,  
**DO NOT**  
attempt to pull it off!**

**Should the conductors clash  
and burn through, live power  
lines could fall over the grape  
rows and in the vicinity of staff**

**CALL YOUR LINES  
COMPANY  
IMMEDIATELY**

**If in Marlborough please contact  
Marlborough Lines on  
03 577 7007 24 hours**
